College and Career Readiness

All eLearning juniors (11th grade students) will begin College and Career Readiness (CCR) projects in the coming weeks. CCR standards prepare graduates for success in college and the workforce by ensuring they have the knowledge and skills to complete entry-level credit-bearing college courses and work in high-wage and high-demand industries.

Parents will be invited to individual CCR update meetings for their students. These meetings will be conducted by an eLearning teacher. Please make every effort to attend and receive this very important information.
